

OMED 2011

AMERICAN OSTEOPATHIC COLLEGE OF PATHOLOGISTS, INC.

ANNUAL MEETING, OCTOBER 31 – NOVEMBER 2

PRELIMINARY PROGRAM

The American Osteopathic College of Pathologists' Annual Meeting participating at OMED 2011 has its theme as "Medical Detective". Our hands on Surgical and Clinical Pathology topics include an exciting array of speakers including practicing pathologists, bestselling author and scholar Mark Pendergrast (Medical Detective Intelligence Agency), Pulitzer Prize winner Laurie Garrett (The Next Plague), and researchers and pathologists on topics from Ancient Viruses Causing Lymphoma and Immune Diseases to Gene Therapy, Laboratory Efficiencies and more. See the lenses we look through and share.
